

A new standard for loudspeakers

Combine SA legend 5 with a good music system, and it will seduce you with delicious and natural sound.

- Easy to place
- Extremely big sound
- Fills the living room with sound
- Upgradable to wireless
- 7 year factory warranty

It will surprise you with sound. SA legend 5 sounds like a much larger speaker and it presents any music form with energy and musicality.

It's easy to hear that it comes from a brand with roots in music. The sound is big and rich. The rhythm is accurate and it is easy to follow the flow of the music.

A good music system gives you amazing music experiences with SA legend 5.

The sound has the last word

Our trained design team loves music and they have created the sound of the speaker. It is important to us that SA legend 5 provides a true and authentic music experience and our requirements for sound is visible everywhere in the speaker.

SA legend 5 can be upgraded to the active wireless SA legend 5 silverback
