

MX-DAC

„Impresses with ultra-clear sound!“

- 1 Balanced XLR outputs
- 2 Unbalanced RCA outputs
- 3 Coaxial and optical digital inputs
- 4 Asynchronous USB-B input

This new Musical Fidelity MX-DAC is an excellent performer with useful functionality, and it serves this up in a compact but classy package that’s affordable for many budget-conscious audio fans. Its lively, musical and glass-clear sound has great appeal and only starts to fade when compared with the top DACs at twice the price. Whether you’re interested in the brave new world of digital audio, or just want to breathe new life into a budget CD spinner, this DAC is worth every penny.
