

"HIFImaailma" Finland, 01.2025

by: Heikki Kivelä

"Recommended without hesitation"

- The Amp Box RS2 was a **clear favorite** with both listeners. It managed to deliver music **faithfully to its origins** but with a certain personality. **Bright, articulate and sophisticated**. The **sense of space** is also conveyed well. **Powerful** and **straightforward** sound with **plenty of kick and dynamics** in the lower frequencies.
