

"Stereo" Germany, 04.2024

by: Matthias Böde

STEREOD

"Outstanding dynamic and natural reproduction with audiophile flair"

• The performance was even more **relaxed, smooth** and simply more **spirited** in every pickup and operating mode. In balanced mode, the performances immediately increased in terms of **smoothness, light-heartedness and elegance**.

"stereonet" UK, 09.2024

stereonet™

"A fabulous phono amplifier that delivers hear-through clarity."

• The Pro-Ject's **timing is right** on the money. Movement and metre are **free-flowing**, with no sense of mechanical rigidity. **Most impressive**, though, is the **tremendous depth of soundstage**. There is a **delicacy to vocals** in particular. Its inherently musical nature **brings out the best** in your record collection.
