

"AUDIO" Germany, 07.2022

by: Lothar Brandt

"A combination of the class "price-performance hit""

• It could well be that this phono setup for under 3000 euros **beats expensive luxury sets** costing multiple times more.

"hifitest.de" Germany, 07.2022

by: Holger Barske

"In this price range, this performance is hard to beat"

• The **big surprise** is the balanced phono preamp - in combination with the solid mass drive plus Ortofon pickup, you get **a lot of music for your money**.

"Tracking Angle" U.S.A. , 09.2022

by: Michael Fremer

"Pro-Ject has really come up with a winner here"

• You'd have to look pretty **hard to find a turntable** at this pricepoint that can match or beat this!.

"VUmetre" France , 05.2022

by: editors

"A true high-end solution"

• The X8 turntable is a true high-end solution with major technical features adapted from Xtension 9 and 10.

"hi-fi news" UK , 02.2023

by: Jamie Biesemanns

"A strong performer straight out of the box"

• The X8 offers you more than a glimpse of **high-end performance** in a **ready-to-enjoy package**, avoiding the very high price, and potential complexity, that an uber-upgrade might entail.

"hi-fi Choice" UK , 11.2022

by: Ed Selley

"This duo is a superb demonstration of a fully balanced analogue front-end"

• The **exceptionally low levels of noise are superb** and help this duo deliver one of the **most airy and three-dimensional performances** at the price.

"Audio Test" Germany, 10.2023

by: Thomas Kirsch, Benjamin Mächler

"Simply a phenomenal turntable that makes true high-end actually affordable"

• The details are **vivid and the sound space truly three dimensional**. **Musicality and liveliness** go hand in hand. The smoothness is phenomenal.

"Audio Video" Poland, 02.2023

by: editors

"A solid drive and an arm with a lot of potential for expansion"

• It plays with a **relaxed, effortless, but open sound** with a **well-filled, energetic and low-reaching bass**. The **midrange is full, open, colorful, and the vocals are full of emotions**. To sum up, a **solid drive** and an arm with a lot of potential for expansion.
