

Xtension 9 Evolution

Highend turntable with top class 9" Evo tonearm

n/c MSRP 2.799 € (incl. VAT)

Pick it DS2 MSRP 2.999 € (incl. VAT)

- Heavy 16 kg belt drive turntable
- Mass loaded magnetic floating subchassis
- Precision balanced sandwich-platter
- Inverted ceramic ball bearing with magnetic support
- Heavy weight record clamp
- Heavy MDF chassis with high mass
- Electronic speed control 33/45 rpm
- Tonearm 9cc Evolution made from carbon fibre
- Inverted tonearm bearings (ABEC 7 quality)
- Finish options: mahogany, olive, walnut, eucalyptus, palisander, HG piano black, HG red, HG white

Colour options:

Speed: 33 / 45 rpm (electronic speed change)

Acrylic dust cover: yes

Pro-Ject phono cable included: Connect it E, 1.23m

Aluminium feet: Magnetic supported & TPE damped

Turntable main bearing damping: heavy weight metal block

Max. speed variance: $\pm 0,09\%$

Max. wow and flutter: $\pm 0,1\%$

Rumble: 73dB

Platter weight/diameter: 5,4 kg/300mm

Platter puck weight: 800gr

Effective arm length / overhang: 230mm / 18mm

Effective tonearm mass: 8,5g

Tracking force range: 0-25mN

Cartridge weight range from: 4 - 14g

External power supply: 220-240V/50Hz / 15V/1600mA DC

Power consumption: 4W (max.) / < 1 watt standby

Dimensions: WxHxD 465 x 185 x 350 mm lid closed

Weight: 18kg

Superlative vinyl performance from a compact luxurious turntable/arm configuration!

Xtension 9 Evolution incorporates all our turntable design experience from more than 20 years in a slimline size to fit standard audio racks. Xtension 9 chassis is made from MDF, that gives high mass and is non-resonant. Magnetic feet, which decouple the main plinth from its base, are combined with a weighty 16kg total turntable mass. The result is a unique combination of, 'massloaded' and, 'floating turntable' design principles. Instead of pure metal for the main platter, we've found a perfect alloy which we damped on with thermo plastic elastomers (TPE). Additionally we've glued recycled Vinyl records to the top (which act as a perfect mat) and bake this 'sandwich' before

precision balancing it. The final product subsequently benefits from a wonderfully resonance-free, heavy platter, that runs ultra-silently on an inverted ceramic ball bearing with magnetic suspension. Pro-Ject Xtension 9 Evolution includes a top-class high-end tonearm „9cc Evolution“ and comes complete with a beautiful dustcover. 5 different high gloss lacquer finish options are available: mahogany, olive, walnut, eucalyptus, palisander, HG piano black, HG red, HG white.

Magnetically supported feet

With two magnets located in the feet, the turntable is practically floating. The studs in the feet are only used for keeping them centered. Due to this unique feature the turntable is perfectly decoupled from the surface it is placed on.
